CHAPTER 3: EQUAL EMPLOYMENT
OPPORTUNITY PRACTICES & PROCEDURES

I. Nature of Employment

It is the sincere desire of the City that each employee is successful in their position. However, all employees who do not have individual, written contracts for specific, fixed terms are employees “at will”. At will means that either the City, or the employee, may terminate the employment relationship at any time, with or without cause or reason and without notice.

The policies set forth in this manual are not intended to create a contract of employment, either expressed or implied, between the City and its employees.

II. Equal Employment Opportunity

Equal employment opportunity has and will continue to be a fundamental principle of the City. Employment with the City is based on personal capabilities and qualifications without discrimination based on race, color, religion, gender, age, national origin, ethnicity, sexual orientation, marital status or any other protected characteristic as established by law.

This policy of equal employment opportunity applies to all policies and procedures relating to recruiting, hiring, compensation, benefits, termination and all other terms and conditions of employment.

III. Immigration Law Compliance

All employees initially hired after November 7, 1986 for any position within the City shall complete an employment eligibility verification statement in compliance with the Federal Immigration Reform and Control Act of 1986.

IV. Classifications

a) Employment Classifications

Position classification is a system of identifying and describing various kinds of work in the organization and grouping them under common job titles to permit equal treatment in employment practices and compensation. Each position shall, based on assigned duties, responsibilities, skills, experience, education and training required of the position, be allocated to an appropriate class which may include either a single position or two or more positions.

b) All employees are classified as one of the following:

- i. Elected Officials. Elected officials are NOT employees of the City. The provisions contained in this Manual do not apply to elected officials unless specifically stated otherwise.
- ii. Full-Time. Employees who work on a regular and continuing basis and who work thirty-six (36) or more hours per work week for a period of twelve months.

- iii. Part-Time. Employees who work less than a regular full-time work week on a regular and continuing basis. Part-time employees may not work more than 999 hours in a calendar year.
 - iv. Temporary/Seasonal. Employees who work on a temporary or recurring basis for a specific purpose and whose employment shall not exceed 120 calendar days in any calendar year. These employees are not eligible for any benefits except those required by law.
 - v. Volunteer. Non-paid individuals performing work-related service for or on behalf of the City. Volunteers are NOT employees of the City except for purposes of worker's compensation and Liability Insurance Coverage.
 - vi. Non-Career Public Safety Employees. Individuals performing work as a Police Officer, Firefighter, EMT, or a Paramedic on behalf of the City on less than a full- or part-time basis. Non-Career Public Safety employees may receive compensation as defined in the City's official pay scale.
 - vii. Appointed Legal Employees. The Municipal Judge and City Attorney shall have their terms of employment and compensation set by ordinance.
- c) In addition, employees are classified in one of two classifications for wage and hour purposes under state and federal law:
- i. Non-Exempt Employees: Non-exempt employees are those who are eligible to receive overtime or compensatory time as required by the Fair Labor Standards Act (FLSA).
 - ii. Exempt Employees: Exempt employees are those employees who are not eligible to receive overtime compensation for hours worked in excess of thirty-six (36) hours in a work week. All exempt employees shall be notified at the time of hire or change in status of their exempt classification. **Exempt employees with an annual pay of less than the FLSA threshold may be eligible for overtime.**
- d) Probationary Period. The probationary period is an integral part of the selection and screening process and shall be used for close observation of the work of the employee and for termination or reassignment of an employee whose work does not meet the standards for his or her position, as determined by the supervisor or Department Director. All new employees and promoted or demoted employees shall serve a probationary period.
- i. 'Initial Probationary Period' means six (6) consecutive months of employment by the City, commencing on the employee's initial hiring date or from the rehire date for employees rehired after a break in employment of more than forty-five (45) days. Any probationary period may be extended at the request of the Department Director and upon approval by the City Administrator. Employees who have not successfully completed the probationary period are not eligible for raises.

V. Performance Review

Employee performance evaluations will be considered in determining salary increases and decreases, as a factor in promotions, determining classification changes and as a means of

identifying employees who should be promoted or who, because of their low performance should be subject to disciplinary action, up to and including termination.

- a) Performance Reviews. An evaluation of the performance of each full-time employee and part-time employee with supervisory responsibilities based on his or her duties and responsibilities shall be prepared on an annual basis within the last quarter of the calendar year. The reviews may be used to consider compensation and/or classification adjustments, merit raises and disciplinary actions. The reviews will be conducted in writing on a form approved by the City Administrator.

VI. Personnel Records and Rules

- a) Records. The City is required to keep accurate, up-to-date employment records on all employees to ensure compliance with state and federal regulations, to keep benefit information up-to-date, and to make certain that important mailings reach all employees. In addition to a general personnel file, the City maintains a separate payroll file, medical file, and restricted access file for each employee. Access to an employee's medical file and restricted access file is highly restricted and based on a need-to-know basis only. The City considers the information in employment records to be confidential.
- b) Updates. Employees must inform the City of any necessary updates to their personnel information such as a change of address, change of telephone number, emergency contact, marital status, number of dependents, or military status. Employees shall provide documentation to their supervisor and the City Clerk's office of any outside training, professional certifications, education, or any other change in status.
- c) Employment Verifications and References. All employment verifications and reference requests must be submitted to the City Clerk's Office. The City Clerk's Office will only verify dates of employment, rates of pay, and job titles. Except when required by law, additional information will only be provided with written authorization from the employee.
- d) Access. Personnel files are the City's property, and access to them is restricted. Generally, only the Human Resources Director, City Administrator, City Attorney, the employee's supervisor, the employee's Department Director or City Clerk who have a legitimate reason to review information in an employee's file are permitted to do so. All personnel files shall be viewed only on the City's property and in the presence of the Department Director, Human Resources Director, City Administrator or City Clerk. Under no circumstances may an employee remove his or her personnel file, or any part of it, from the City's property.

VII. Reinstatement

- a) On occasion, former employees are rehired by the City. In those situations, the City may adjust the employee's service date and give him or her credit for previous service. In general, when an employee has been paid for unused leave, the employee's service dates will not be adjusted to give credit for previous service. Previous employees who apply for

positions with the City are not guaranteed reinstatement. Reinstatement and adjustment of service dates is solely at the City's discretion.

- b) The employee's previous length of service may be used to determine a returning employee's eligibility for vacation leave and longevity pay. In general, when an employee has been paid for unused leave, the employee's previous length of service will not be used to determine eligibility for vacation and longevity pay. About eligibility for all other benefits, the plan documents for each benefit will govern whether previous service can be used to establish eligibility.
- c) Unused vacation and sick leave prior to the leave may be restored unless the employee had been paid for unused leave. Restoration of unused vacation and sick leave are solely at the City's discretion.
- d) If extenuating circumstances are determined to exist, the City Administrator may make exceptions to the reinstatement policy.

VIII. Reclassification

Reclassification means the re-evaluation and reassignment of a position to assure that the pay plan accurately reflects the worth of the position.

- a) A position may be reclassified up or down in the pay scale as determined by the reclassification process.
- b) Reclassification is an action taken to recognize the following conditions:
 - i. The duties, responsibilities and qualifications of an existing position have changed over time to such an extent that the position no longer resembles others in its class,
 - ii. Labor/market conditions, as demonstrated by recruitment and retention experience and verified by salary data, indicate a need to reevaluate the classification of a position,
 - iii. Budgetary constraints warrant such changes to ensure the City is utilizing customer and taxpayer dollars responsibly and is providing the best possible quality of services.

IX. Job Descriptions

Each position shall have a descriptive title, a description of the duties and responsibilities and a statement of the qualifications for filling the position. Such descriptions shall be approved by the governing body and shall be kept on file in the office of the City Clerk and shall be open to inspection by any interested party during regular office hours. The job description is not intended to be all inclusive. It represents the typical work elements and criteria necessary to successfully perform the job. Department Directors are given the option to create additional duty guidelines within their department.

X. Pay Range Plan

The governing body shall adopt a pay plan with respect to minimum and maximum amounts of pay for each class of positions. The pay ranges assigned to each class of positions shall be periodically reviewed and revised by the governing body. See Appendix D.

XI. Maintenance of the Classification Plan

It shall be the duty of each Department Director to report to the governing body all organizational changes which will significantly alter or affect existing positions or proposed positions. The governing body may approve all new or revised class descriptions and pay ranges for such positions as deemed necessary.

XII. Recruitment and Promotion

- a) Qualification for employment. All new applicants for any position with the City shall meet minimum qualifications established for that position. Each applicant shall complete a job application form. The applicant shall take a medical examination and other tests as dictated by departmental policy such as Police, Fire, Electric and Power Plant to determine the applicant's qualifications for the position.
- b) Each employee, following initial employment, shall satisfactorily complete a six-month probationary period to achieve full or part-time employment status.
 - i. The Public Works Department requires that all employees obtain CDL within probationary period.
- c) Each employee promoted to a classification with higher pay shall satisfactorily complete a six-month probationary period. Any employee who fails to satisfactorily complete such probationary period shall be returned to the pay and classification he or she held immediately prior to the promotion or to a classification with equal pay and responsibility if a position is available.
 - i. Employees are not eligible for pay increases until the probationary period has been satisfactorily completed.
- d) Any employee moving from one classification to another shall have their pay readjusted if the pay they received in their former classification does not fall within the minimum and maximum range for their new position.
- e) It is the policy of the City to apply a hiring process that utilizes merit-based selection criteria to guide the filling of vacancies. City employees seeking to be considered for vacancies will be considered based upon the same merit criteria and will be required to complete the same processes as all other candidates. Vacancies in key leadership roles may be filled according to a succession plan.
- f) Succession planning. The purpose of a succession plan is to fill vacancies in key leadership roles with qualified and trained individuals in a timely fashion. Benefits of succession planning include minimizing disruptions in service provision to customers, fostering cross-functional development, increasing internal promotion opportunities, and minimizing dysfunction during transition. At the recommendation of the City Administrator, when the promotion of certain employees is a component of a succession plan the governing body may elect to forego the hiring process in favor of internal promotion. All employees seeking promotion are expected to meet the minimum

qualifications for the class to which they seek to be promoted. In addition, drug testing, medical examinations and any other testing deemed necessary by the Department Director will be required.

- g) All final hiring decisions are made by the governing body.
- h) The City may employ members of the same family except under the following conditions or as approved by the governing body:
 - i. When one member of a family is directly responsible for making decisions in personnel matters such as hiring, promotion, retention, or determining salary of another member of the same family,
 - ii. When one family member is directly responsible for supervising, directing, evaluating or influencing the work performance of another member of the same family,
 - iii. In other situations which place members of the same family in circumstances of actual or reasonably foreseeable conflict between the interests of the City and the interest of the family members.
- i) Americans with Disabilities. The City is committed to the recruitment, employment and promotion of the most qualified individuals. It is our policy to provide equal employment opportunity for persons with disabilities in full compliance with federal, state and local laws and statutes, such as the Americans With Disabilities Act (ADA). The City does not discriminate against qualified job applicants and employees with known physical or mental disabilities in any employment practice.
 - i. Pursuant to the ADA and the Kansas Act Against Discrimination, the City will provide qualified individuals with known disabilities reasonable accommodations to assist them in performing the essential functions of their job.

CHAPTER 4. GENERAL EMPLOYMENT PRACTICES

I. Appearance

The appearance of employees at work influences the public's perception of the City's competence and professionalism. Employees shall maintain a neat, well-groomed personal appearance consistent with their positions and responsibilities.

- a) The following are unacceptable for all City staff:
 - i. Strapless, spaghetti straps, tube tops, halter tops, midriff tops.
 - ii. Spandex, lycra, or transparent clothing.
 - a. Tights with tunic length tops are permissible.
 - iii. Cut-offs or ragged clothing.

II. Tobacco Use

In the interest of providing a safe and healthy environment for employees and the public, use of tobacco products (including chewing tobacco) or electronic smoking devices in any City building, shop, vehicle, equipment or any indoor or enclosed area is prohibited. Usage of any tobacco product by a City employee is restricted to regularly scheduled breaks and off duty (lunch) time. Employees will be solely responsible for any damage caused by tobacco products. Smoking is allowed in designated outdoor areas only; however, not within twenty (20) feet of any entrances, exits, ventilation system air-intake mechanisms, or on private property. Employees are also responsible for keeping break areas clean and must not leave any tobacco debris on the ground. Employees who fail to follow the tobacco-free workplace policy of the City will be subject to disciplinary action.

III. Public Relations

City employees shall strive to promote good public relations for the department and the entire municipal organization. Virtually everything City employees do has an effect, direct or indirect, on the City's image.

- a) Public. Visitors at any municipal building or area of work shall be treated in a friendly and courteous manner. In order to promote safety, and where the safety of the public is of concern, the public will not be allowed to access certain work areas. All inquiries, complaints or requests for assistance shall be given prompt attention.
- b) Release of Information. Public statements or the release of information on all matters related to municipal policy, administration and personnel, unless otherwise directed, will be made only by the City Administrator, or other personnel specifically authorized by the City Administrator.

IV. Punctuality and Absenteeism

Except for breaks and other authorized absences, non-exempt employees should be at their assigned work areas during their regularly scheduled hours. **Exempt employees must maintain regular office/work hours.** Work schedules are established by the Department Director with the

approval of the City Administrator. The City will try to accommodate employees whenever illness or personal emergencies cause absences or lateness. The City's success depends on each employee being at work each time he or she is scheduled to work. Absenteeism or tardiness places an extra burden on other employees and causes a general interruption in City services. It is every employee's responsibility to be at work on time unless prior arrangements have been made to cover the employee's scheduled shift. If an employee is unable to work a scheduled shift, he or she is required to notify his or her supervisor at least twenty-four hours in advance except when leave is necessitated by an emergency or sudden illness. If unable to contact supervisor, send an email and/or leave a voicemail and contact the City Clerk or City Administrator. Failure to notify the supervisor of leave in advance will be considered an unexcused absence and the employee may be subject to disciplinary action up to and including termination of employment.

- a) Insufficient Notes on Time Card. Employees must input notes on their individual time card when they work hours outside of regularly scheduled hours. Notes must include: (1) Address, (2) reason for call-out, (3) specification of whether it was scheduled overtime or an emergency call-out, (4) specification of who ordered the call-out or scheduled overtime, (5) if unable to clock-in as soon as call-out occurs, employee must include in notes the time that call-out was received, (6) officers and employees of the Police and Fire Departments, are required to add the associating case or call card number (202x-0000xxxx) related to the reason for hours worked outside of the regularly scheduled hours to the notes section.
- b) . Once a year has passed since an insufficient notes on time card incident has occurred, it shall no longer be utilized in the disciplinary calculation for this subsection. When progressive discipline is utilized, insufficient notes may result in the following disciplinary action:
 - i. 1st occurrence: Verbal Warning
 - ii. 2nd occurrence: Written Reprimand
 - iii. 3rd occurrence: One-day suspension without pay
 - iv. 4th occurrence: Termination of employment
- c) Unexcused Tardiness. Unexcused tardiness is defined as late arrival to work of less than one hour, which has not been reported to the employee's supervisor or has not been excused by the supervisor. Progressive discipline may be implemented depending on the specific circumstances of the tardiness. In the event progressive discipline is utilized, a rolling timeline of instances within a one-year period will be considered. Once a year has passed since a late arrival occurred, it shall no longer be utilized in the disciplinary calculation for this subsection. When progressive discipline is utilized, unexcused tardiness may result in the following disciplinary action:
 - i. 1st occurrence: Verbal Warning
 - ii. 2nd occurrence: Written Reprimand
 - iii. 3rd occurrence: One-day suspension without pay
 - iv. 4th occurrence: Termination of employment
- d) Unexcused Absences. Unexcused absence is defined as an absence from work of one hour or greater, that has not been reported to the employee's supervisor, or a leave for

which there is no paid leave available and an unpaid leave of absence has not been approved. If a department director chooses to utilize progressive discipline, the reckoning period for unexcused absences shall be two (2) years from the last unexcused absence.

Unexcused absences will result in the following disciplinary action:

- i. 1st occurrence: Written Reprimand
 - ii. 2nd occurrence: One-day suspension without pay
 - iii. 3rd occurrence: Termination of employment
- e) Failure to Report. Failure to report occurs when an employee fails to respond and/or report to duty. If a department director chooses to utilize progressive discipline, the reckoning period for unexcused absences shall be two (2) years from the failure to report. Failure to report will result in the following disciplinary action:
- i. 1st occurrence: Written Reprimand
 - ii. 2nd occurrence: One-day suspension without pay
 - iii. 3rd occurrence: Termination of employment
- f) Job Abandonment. Any unexcused absence of three consecutive days or more shall be deemed to constitute abandonment of employment and voluntary resignation. Any employee deemed to have abandoned his or her employment may not be eligible for reemployment by the City.

V. Knowledge of the City Organization

Every City employee works for the same public. All City employees should constantly strive to develop a better municipal operation. To that end, all employees shall develop a thorough knowledge of their own jobs and of the organization.

Supervisors and Department Directors shall encourage all personnel to become more knowledgeable, develop their talents and capitalize on their abilities to advance in their present positions and take advantage of future opportunities. Supervisors shall also continuously evaluate the abilities and performance of their employees to promote efficiency, the welfare of every employee and to assess eligibility for merit increases and promotions.

VI. Qualifications of Employment

All new applicants for any position with the City shall meet the minimum qualifications established for that position. The selected applicant must successfully complete a post-offer, pre-employment drug screen and background check. Selected applicants may be asked to complete a physical in order to document the applicant's ability at the time of hire to successfully complete all required job functions.

VII. Nepotism

No person shall be or remain employed in a department if any employee in such person's supervisory chain is a member of such person's immediate family; and no person shall be considered for full-time employment in any department if a member of such person's immediate family is employed within such department on a full-time basis.

If two employees within the same department supervisory chain marry or otherwise become members of each other's immediate families while employed by the City, an attempt will be made to transfer one such employee to another department. If no opening exists or neither employee is qualified for available openings, the employment of one of the employees will be terminated upon 180 days-notice. Determination of which employee will be terminated is based on the business needs of the City at the discretion of the City Administrator's recommendation and Governing Body's approval.

VIII. Fraternization

While the City of Girard encourages amicable relationships between members of management and their subordinates, it recognizes that involvement in a romantic relationship may compromise or create a perception that compromises a supervisory employee's ability to perform his or her job. Any involvement of a romantic nature between employees within the same supervisory chain is prohibited. Violation of this policy is cause for disciplinary action, up to and including termination of the supervisor's employment.

IX. Outside Employment

Employees of the City may take outside employment if: (1) there is no conflict with assigned City work hours; (2) the employee's efficiency is not adversely affected; and (3) there is no conflict with the interests of the City.

- a) In the event of a perceived conflict of interest, the City Administrator will have the final authority to determine if a conflict exists. Whenever extra duty or stand-by for City employment is necessary, such status shall take precedence over outside employment.
- b) In the event a second job interferes with the employee's City job, the Department Director will request that the employee take whatever action is necessary to eliminate further interference. Recurrence of the problem is cause for disciplinary action.
- c) Exceptions can only be granted by Council action at the City Administrator's recommendation.
- d) Employees must formally report and seek approval for outside employment by completing the *Outside Employment Request* form. Form is available from the City Clerk.

X. Political Activity

The City recognizes and respects the rights of its employees to participate in the political process. Every employee has the right to register and vote in all elections. Employees are permitted to join political organizations, civil associations or groups and become involved in political activities subject to the restrictions of this policy.

By its very nature, however, government employment has important implications in this area and, in some circumstances, limits City employees' political activity. This section addresses those implications and limitations. Except for persons duly appointed to City boards or commissions, or elected City officials, these provisions apply to all City employees, including full and part-time employees.

Notwithstanding any other provision of this Political Activity section, City employees and City appointees on reserve status, may become, or continue to be, members of political parties, clubs, organizations, and associations; attend political meetings; and vote in all elections. All such political activity by such persons shall be limited to their personal time. Such persons shall not use City equipment, supplies or resources in their political activity.

- a) Voting. City employees are encouraged to register and vote in all elections and are permitted, with supervisory permission, to leave work to vote if the polls are not open for at least two hours before or after working hours.
- b) Candidacy for City Office. In the event a City employee runs for and is successful in winning an election for the City of Girard Governing Body, their employment with the City shall terminate immediately.
- c) Political Influence. City employees shall not use or promise to use, directly or indirectly, any official authority or influence to secure or attempt to secure an appointment, or advantage in obtaining an appointment, to a position in the City service, an increase in compensation, a promotion, or any other employment advantage, for influencing a vote or political or official action. They also shall not, while on duty, openly campaign for any political party or candidate or use the influence of their position with the City to promote the election thereof. All such political activity by such persons shall be limited to their personal time. Such persons shall not use City equipment, supplies or resources in their political activity.
- d) Interest Groups. City employees may engage in activities of civic organizations and special interest groups unless such action would create a conflict of interest relating to the employee's job. If an employee has a question as to whether his or her participation in certain interest groups creates a conflict of interest, the employee should discuss this matter with the Department Director or City Administrator.

XI. Gratuities

- a) No employee shall accept a gratuity or an offer of employment regarding any decision or recommendation concerning a proposed or actual purchase on behalf of the City of Girard; nor shall any employee permit any influence which could conflict with the best interest of the City, or prejudice the City's reputation. The responsibility for adherence to this policy is a joint one. Individuals who represent the City must be beyond reproach in every business transaction, and not allow themselves to be put in a position where their judgment can be influenced.
- b) To avoid the appearance of favoritism or bribery, City employees are prohibited from accepting any gratuities, special discounts, favors, hospitalities or services having an aggregate value of \$100 or more in any calendar year.

XII. Personal Property

Personal belongings brought onto the City's premises are the employee's responsibility, and must be appropriate and must not be obscene or offensive to other employees or to the public we serve. While the City does all it can to protect the property of employees, it cannot be held

responsible for the loss or theft of personal belongings. Employees who find property missing or damaged are encouraged to report it to their supervisor immediately and to law enforcement if appropriate. Employees may only utilize personal property in their duties as approved by their Department Director.

XIII. Use of City Vehicles

- a) City Vehicle Business-Only Usage. Certain job positions provide for a vehicle to be assigned to an employee for City business only. Under no circumstances will a City vehicle be used for non-business purposes without prior authorization from the Department Director. Authorization will only be given on unusual and very rare occasions. Usage can never exceed the ‘de minimus’ definition as described in IRS Publication 15-b. If a vehicle is assigned to a Department Director, authorization from the City Administrator is required.
- b) City Vehicle Take-Home Usage. Personal use of City vehicles is prohibited. At the discretion of the Department Director and City Administrator, certain job positions allow for the individual assignment of a City vehicle, which can be driven home by the employee ONLY when the vehicle meets the definition of ‘qualified nonpersonal use vehicle’ as defined by IRS Publication 15-b. As a rule, individually assigned vehicles are to be used by employees for the sole purpose of transportation to and from work and work-related usage.
- c) Auto-allowance. Auto allowances may only be granted by majority vote of the City Council. Auto-allowances are considered compensatory income. All compensation is subject to withholding. The value of auto allowances shall be determined in compliance with IRS Publication 15-b.
- d) Motor Vehicle Records. Motor vehicle and driver’s license records will be obtained on all employees prior to employment and at least twice a year thereafter in the months of February and August.  - The use of City vehicles while under the influence of alcohol, drugs, or other substances which impair a motorist’s abilities is strictly prohibited.
 - Cell phone use while driving a City vehicle shall be kept to a minimum and in accordance with applicable laws. Drivers should complete calls while the vehicle is parked or use the phone in a “hands free” mode via a headset or speaker. While

driving, attention to the road and safety should always take precedence over conducting business over the phone.

- Only authorized persons can ride in City vehicles without the prior approval of the Department Director or City Administrator, unless the transportation occurs as part of City business (example: providing a tour to a prospective developer).
- Drivers are responsible for securing City vehicles assigned to them.
- Any employee who has his or her driver's license revoked or suspended shall notify their Department Director and the City Administrator immediately (next business day if not a work day) and discontinue operating any City vehicles or equipment, which require a driver's license.

Employees are expected to cooperate fully with authorities in the event of an accident and will be subject to a mandatory drug screening. Employees must complete a City Property Damage/Vehicle Accident Report and, if applicable, the Employee Report of Work Related Injury Report.
- Payment of speeding or parking tickets is the sole responsibility of the employee driving the vehicle. Acquiring speeding or parking tickets may result in disciplinary action. Failure to pay such tickets as required by the court may result in disciplinary action up to and including termination of the employee driver. The City will be responsible for tickets relating to liability insurance, proper tags, and correcting fix-it tickets. CHAPTER 9: ON-BOARDING AND OFF-BOARDING

Employee On-Boarding:

Welcoming new employees is a collaborative effort that includes City of Girard staff and the hiring department. Preparing for new employees and providing appropriate guidance and information during the first several days of employment can ensure success.

- a) City of Girard staff will meet with the new employee at the start of his or her first day of work to complete new-hire paperwork including the new employee-orientation checklist.
- b) Department Heads should be prepared for an employee's first day at work and should welcome new employees with the following:
 - o Workstations set up with appropriate equipment and supplies.
 - o Introductions to co-workers.
 - o A tour of the facilities.
 - o An overview of the department and employee responsibilities and duties.
- c) The new employee orientation checklist is to be completed by City of Girard staff, the Department Head, and the new employee. The checklist must be completed, signed and filed with City Hall staff.
- d) Time spent completing new-hire paperwork and time spent in the orientation meeting are considered hours worked. Each employee's time card should reflect the time engaged in the orientation program as paid hours.

Addition. Employee Off-Boarding

Voluntary Terminations. Employees are requested to provide a minimum of two weeks' notice of their intention to separate employment. The employee should provide a written resignation notification to his or her direct supervisor.

- ii. The City Clerk's Office will coordinate the employee's departure from the City. This process will include the employee's returning all company property, a review of the employee's post-termination benefits status and the employee's completion of an exit interview.

Final Pay. An employee who resigns or is discharged will be paid through the last day of work, plus any vacation or sick time for which the employee is eligible, less any deductions, in compliance with state laws. In cases of an employee's death, the final pay due to that employee will be paid to the deceased employee's estate or as otherwise required under state law.

Health Insurance. Medical, dental and vision insurance coverage typically terminates on the last day of the month dependent upon the employee's portion of the premium. Information about COBRA continuation coverage is available through the City Clerk's office.

Return of Property. Employees must return all City property at the time of separation, including uniforms, electronic devices, keys, laptops, identification cards, login information, passwords, etc. Failure to return some items may result in deductions from the employee's final paycheck where state law allows. An employee will be required to sign a wage deduction authorization to deduct the costs of such items from the final paycheck. In some circumstances, the City of Girard may pursue criminal charges for failure to return City property.

Proprietary Information. Generally, documents created by an employee within the scope of their employment, are owned by the City. Employees may not delete, destroy, render inaccessible by the City any documents deemed work-made-for-hire.

Employees may report potential hazards and make suggestions regarding safety without fear of retaliation. The City appreciates, encourages and expects this type of involvement. Although it is the City's responsibility to provide for the safety, health and security of its employees during working hours, it is the responsibility of each employee to abide by the rules, regulations and guidelines set forth, and to report any potential dangers. II. Reporting Safety Issues

If an employee chooses to continue wearing contacts, he or she must comply with policy as any other person of normal vision and wear supplied protective eyewear. Certain working conditions may not be conducive to wearing contact lenses. However, it is up to the employee to decide if he or she wears prescription safety glasses or normal safety protective eyewear.
- j) All safety eyewear supplied by the City are to be used for City purposes only. If prescription eyewear is damaged during duty for the City, and as a result of performing that duty, the city will repair or replace the eyewear. Excessive replacement or repair of eyewear may result in a review by the supervisor to determine if damage is caused by employee mistreatment of the eyewear. If it is determined that mistreatment of the eyewear is occurring, the employee may be subject to discipline according to the personnel policy. Replacement of lost or misplaced eyewear is the employee's responsibility.
- k) The City will pay up to \$150.00 per pair of prescription safety glasses. Shields must be included in all safety glasses. If the employee desires additional options that exceed this limit, the employee must pay the additional amount.

In all cases, employee use of social media during work hours shall not interfere with work duties. All employees are personally responsible for the information they communicate online. Employees should ensure that their social media activities do not interfere or conflict with their job or commitments to the City of Girard, the department in which they are employed, or the customers of Girard. To the extent permissible by law, employees waive their right of privacy for any information stored or transmitted on City-owned or City-leased equipment.
- h) When an employee's non-work related social media activities include any information related to their employment with the City of Girard or the specific department in which the employee works, the employee must make it clear that the views expressed are the employee's alone and do not reflect the views of the City of Girard or the department in which the employee is employed, by stating, for example, "The views expressed in this post are my own. The City of Girard takes seriously the standards set forth in this Chapter, and violations are cause for disciplinary action up to and including termination of employment.

The City provides electronic media and services, including computers, software, e-mail, telephones, voicemail, fax machines, online services, internet, mobile phones and the worldwide web (collectively "computer technology"), to its employees.

I. General

- a) Scope of Policy. This policy applies to all departments and other individuals or groups that use Computer Technology. Individual departments may implement more restrictive policies for application within their departments, but may not implement more lenient policies.
- b) Ownership. Computer Technology, including all data files and applications opened, created, downloaded, stored, or transferred are on the property of the City of Girard. All materials and information created, transmitted or stored on or using computer technology are the property of the City and may be accessed only by authorized personnel.

All computer technology users have the responsibility to use these resources professionally, ethically, and lawfully.

II. E-Mail and Internet Usage

- a) The following guidelines apply to use of e-mail and the internet. Rather than attempting to cover every possible situation, this policy is designed to express the City's philosophy and set forth general principles when using Computer Technology.
 - i. Prohibited Communication. Computer technology shall not be used to knowingly transmit, retrieve, or store any communication that is: discriminatory or harassing; derogatory to any individual or group; obscene, pornographic; defamatory or threatening; fraudulent; in violation of any license governing the use of software; illegal or contrary to the City's policy or business interests; related to political activity or campaigning; or in furtherance of a personal business enterprise.

Employees should remember that any messages or information sent via computer technology to one or more individuals via an electronic network, to include internet mailing lists, bulletin boards, and online services, are identifiable and attributable to the City.
- b) Unknown Sources or Unexpected E-mails. Employees must use extra caution when an e-mail is received from an unknown source or when an e-mail is from a known source but is unexpected or appears suspicious. Address books are sometimes used by outside sources to spread viruses. The potential to spread viruses is significant; opening an unexpected or suspect e-mail could have undesirable consequences to the entire City's computer system. Extra care should also be used in opening attachments: "When in doubt, throw it out."

III. Personal Use of Computer Technology

- a) Computer Technology is provided by the City of Girard for business use, to assist employees in the performance of their jobs. Use of computer technology for personal, non-business purposes is permissible but must be done in a manner that does not negatively affect use of computer technology for business purposes. Employees are expected to act responsibly and not abuse this privilege.

IV. Monitoring Employees' Use of Computer Technology

- a) The City has the right, but not the duty, to monitor all use of computer technology, including electronic files and employee e-mail, to the extent necessary to ensure that computer technology is being used in compliance with law, this policy and other City policies.
- b) Employees should use the same care in drafting e-mail and other electronic documents as they would for any other written communication. Anything created on a computer may be reviewed by others. E-mail should not be considered a confidential form of communication. Even deleted e-mails may be recovered and read by others. Employees should use other media to transmit sensitive or confidential information.

V. Software

- a) All City-owned software is the property of the City and shall be used only in compliance with applicable software agreements.

 - iv. Breaching, testing or monitoring computer or network security measures.
- b) No e-mail or other electronic communications that hide or attempt to hide the identity of the sender or represent the sender as someone else will be sent using computer technology.
- c) Computer technology and services should not be used in a manner that is likely to cause network congestion or significantly limit the ability of other employees to access and use the network.
- d) Anyone obtaining electronic access to other materials that are the property of other companies or individuals must respect all copyrights and cannot copy, retrieve, modify or forward copyrighted materials except as permitted by the copyright owner.
- e) Employees are responsible for safeguarding their passwords. Individual passwords should not be printed, stored online, or given to others. Each employee is responsible for all

transactions made using their password. Misuse of other employee's passwords is cause for disciplinary action.

- f) Employees must exercise caution when conducting City business on personal computers or when transporting City electronic files off City premises, particularly when the information is of a confidential nature. Employees are responsible for the security of all electronic files they carry on their person or work on outside of a City facility.

VII. Law Enforcement and Investigation Exception

Exceptions to this policy will be made as needed for the purposes of conducting law enforcement investigations and for investigation of suspected employee misconduct.

 - ii. City employees may not excessively use social media on any of the City's electronic resources while they are supposed to be working. The City Administrator may totally restrict access if he/she determines that the use of social media is abusive.
 - iii. If the City monitors employee use of social media at work, written notice of the nature and scope of monitoring shall be provided to the employee.
 - iv. Employees must include in any post on a personal site, which relates to the City or their job, a disclaimer that the posting reflects their own opinion, and not that of the City of Girard.
 - v. No employee or governing body member may require access to another employee's or governing body member's private social media page(s).
- h) Failure to comply with this policy may lead to discipline up to and including dismissal.
- i) Off-Duty Use of Social Media by Employees.

 - i. The City of Girard's Code of Ethics for elected officials is adopted by reference into this social media policy.
 - ii. Elected officials should not use any social media (personal, professional or the government's official social media) to discuss business or affairs of the City of Girard. Discussion includes Facebook "likes", Twitter "Retweets" and "Favorites", and all other similar expressions of approval for another governing body member's social media posts.
 - iii. Elected officials who use social media to communicate with constituents and for campaigning should establish separate social media for those purposes, and not access their "campaigning" social media through government technology.
- d) Regulation of Public Comments on City Social Media Sites. It shall be the responsibility of the City Administrator, Clerk and any other staff so assigned by the City Administrator, to monitor all public comments on City social media sites.

- iii. All public comments are subject to disclosure as public records.
- iv. No comment shall be removed from any city social media site that allows for public comment, unless that comment violates the provisions of the Public Comment Policy.

IX. Electronic Buy-Back Policy:

The purpose of this policy is to allow employees to purchase electronic equipment utilized solely by that employee. Electronics must have been purchased at least one year prior to buyback and not needed by the City for other employees or purposes. Electronics will be assessed for condition to determine value.

- a) Value. The amount the employee will pay for the electronic device will be determined by an assessment in value. Depending on condition, value may be determined by trade-in value, reviewing comparable sales, or retail cost of the same device.
- b) Condition Assessment. City Staff will assess the condition of the electronic device to aid in determining value.
- c) Eligibility. This obligation applies to all employees with any responsibility for the preparation for such reports, including drafting, reviewing and signing or certifying the information contained therein. There is never an excuse for misrepresenting facts or falsifying records.

I. General

Employees should inform their Department Head or City Administrator if they learn that information in any public communication was untrue or misleading at the time it was made.

II. Recordkeeping

The City creates, retains and disposes of records as part of the normal course of business and in compliance with all City of Girard policies and guidelines, as well as all regulatory and legal requirements. All records must be true, accurate and complete, and data must be promptly and accurately stored in the City Clerk's office.

Employees must not improperly influence, manipulate or mislead any unauthorized audit, nor interfere with any auditor engaged to perform an internal independent audit of any City of Girard books, records, processes or internal controls.

III. Accountability

Each employee is responsible for knowing and adhering to the values and standards set forth in this manual and for raising questions if uncertain about a policy. If an employee is concerned whether the standards are being met or are aware of violations of the policy, the employee must follow the proper chain of command to report concerns and/or violations.

IV. Confidential and Proprietary Information

Integral to the City of Girard's success is our protection of confidential information, as well as nonpublic information entrusted to us by employees, customers and other business partners. Confidential and proprietary information are protected through the Kansas Open Records Act, K.S.A. 45-219 et seq. - Employees will not disclose confidential and nonpublic information without proper authorization. The City Clerk serves as the Open Records Officer.

V. Use of City Resources

City resources, including material, equipment and information, are provided for City business use. Nonetheless, occasional personal use of electronic communication devices is permissible as long as it does not affect job performance or cause a disruption to the workplace (e.g. making a phone call to a family member or checking personal email). Cellular devices issued to police officers are subject to subpoena and review by defense attorneys and the court. If any personal information, including but not limited to personal contacts or texts, google, or social media surfing, is on the phone, it will likely be reviewed by defense attorneys and the court.

Employees and those who represent the City of Girard are trusted to behave responsibly and use good judgment to conserve company resources. Department Heads are responsible for the resources assigned to their departments and are empowered to resolve issues concerning their proper use.

In order to protect the interests of the City of Girard network and our employees, the City of Girard reserves the right to monitor or review all data and information contained on an employee's company-issued computer or electronic device, the use of the internet or City of Girard's intranet. The City of Girard will not tolerate the use of company resources to create, access, store, print, solicit or send any materials that are harassing, threatening, abusive, sexually explicit or otherwise offensive or inappropriate.

No one may issue a press release without first consulting with the City Administrator.

- k) When an employee's non-work related media activities include any communication related to their employment with the City of Girard or the specific department in which the employee works, the employee must make it clear that the views expressed are the employee's alone and do not reflect the views of the City of Girard or the department in which the employee is employed, by stating, for example, "The views expressed are my own. They have not been reviewed or approved by (insert department) or the City of Girard." The application of this rule should not be construed to infringe on any person's rights of expression which are guaranteed by law, each case will be given careful review prior to having any personnel actions taken.
- l) When communication with the media – or any person or organization – employees will adhere to Section IV. Confidential and Proprietary Information.

CHAPTER 14: DRUG- & ALCOHOL-FREE WORKPLACE

The City is committed to providing a work environment which is safe, healthy and productive. The use of drugs and alcohol severely reduces productivity and greatly enhances the likelihood of accidents and injuries in the workplace. Therefore, no employee may use, possess, distribute, sell or be under the influence of any illicit drug (which includes prescription drugs that are illegally obtained or misused) or alcohol while engaged in work for or on behalf of the City on the premises of the City; including travel to and from any off-premise location; or while operating a vehicle or equipment owned or leased by the City.

I. Prescription or Over-the-Counter Medications

Legal use of prescribed drugs is permitted on the job only if such use does not impair an employee's ability to safely and effectively perform his or her job. The use of prescribed drugs or over-the-counter medication which may adversely affect performance or behavior must be reported to the supervisor before beginning work on the day in which the medication is taken.

II. Duty to Report

- a) If an employee suspects that another employee or supervisor is under the influence, using, selling, possessing, or purchasing alcohol or drugs while on duty or engaged in City business, or while using City vehicles or other property, that employee shall report his or her suspicions to a non-involved supervisor, Department Director, or the City Administrator. Failure to report suspicions is cause for disciplinary action.
- b) If a supervisor suspects that an employee is under the influence of alcohol or drugs, the supervisor will contact the City Administrator or his or her designee to arrange for testing in accordance with applicable alcohol and drug screening and testing guidelines. The supervisor or designee will provide transportation to and from testing. Refusal to submit to a drug or alcohol test will be grounds for termination.

III. Drug-Related Convictions

Any City employee convicted of violating a criminal drug statute, whether resulting from a trial or a plea of guilty or no contest, shall inform the City of such conviction, within five (5) days after the conviction. The City reserves the right to require employees convicted of violating a criminal drug statute outside of the workplace, to participate in an approved rehabilitation or drug abuse assistance program as a condition of continued employment and as an alternative to termination. If such a program is offered and accepted by the employee, such employee must satisfactorily participate in the program as a condition of continued employment.

IV. Drug and Alcohol Testing

All employees are subject to pre-hire, reasonable suspicion and post-accident drug and alcohol testing, whereas all employees are also subject to random drug and alcohol testing. In an accident where any injury has occurred or any equipment has been damaged, a drug/alcohol screen must be completed within two hours, unless employee is obtaining care for life threatening injuries.

V. Violation of this Policy

Employees who violate any aspect of this policy may be subject to disciplinary action, up to and including termination. In addition, the City may, in its discretion, require employees who violate this policy to successfully complete an alcohol or drug abuse assistance or rehabilitation program as a condition of continued employment.
